

Solar Gard® Advanced Automotive Window Film Skills

The Solar Gard® Advanced Automotive Window Film Skills is a comprehensive, hands-on one day training course covering installation skills and techniques designed around the specific needs of the already accomplished auto tint technician. The curriculum is highly interactive and provides for necessary one-on-one attention to develop your techniques while adapting to new methods.

Auto tint training is carried out in our purpose built tint shop training centre near Worcester. The one-day training will consist of both theoretical and practical training.

The one-day course is an advanced level course designed to sharpen your skills and introduce you to new techniques that may improve your speed and productivity.

Some of what you will learn during the course:

- **Introduction & Information**

Legal Issues - Tools of the trade - Film types - Construction & Performance - Mounting Solutions - Shop Design / Layout / Equipment - Marketing Information

- **Addressing your installation issues**

You tell us what you want to concentrate on in this section

- **Advanced Installation Techniques**

Learn the latest techniques for increased productivity

Enrollment Fee : Please call for details -
Ask us how you could get free training

Each attendee will receive:

- All training material and tools used during the course will be supplied
- Auto tint training material
- Auto tint training videos on CD ROM
- Product information
